About

Are you interested in business, management or marketing? Then come to study Bachelor of Business Administration in Prague. The study field is suitable for students with analytical thinking who are interested in the business environment, particularly those focusing on management and building companies. During the bachelor studies, you will be introduced to all the areas essential for proper functioning of a business; e.g. marketing, logistics, corporate finance, personnel management or entrepreneurship. The graduates can participate in executing economic and managerial functions at mid-management levels in companies and other institutions where business management education is expected. They mostly start their careers at industrial enterprises, enterprises operating in the energy sector, transport and storage, trade and services or consulting firms, or they start their own business.

Why BBA?

- » **Modern teaching methods:** Critical thinking, case studies, simulations, team projects.
- » **EQUIS accredited:** Study at the faculty which ranks among the top 1% of business schools in the world.
- » **International exposure:** Study with classmates of more than 30 nationalities from all around the world.
- » **Friendly environment:** Take part in team-building activities and discuss your questions and suggestions directly with the programme management.
