Prague University of Economics and Business

The Prague University of Economics and Business (Vysoká škola ekonomická v Praze – VŠE) is the leading university in the fields of management, economics, finance and statistics in the Czech Republic. It has about 14,000 students and about 600 members of academic staff. The VŠE is located in modern premises, which are situated close to the center of Prague. The University of Economics, Prague is a member of many international organizations (EDAMBA, EFMD, EUA, EIASM, etc.) and prestigious networks, namely the PIM and CEMS international alliances. The Faculty of Business Administration is EQUIS accredited, which ranks the faculty among the top 1% of business schools in the world.

Bachelor of economics

The main objective of the program is to create qualified professional economists who will be able to work in the public and private sectors nationally or internationally. **These professionals will have a strong grounding in economics, jurisprudence and other social disciplines with a special emphasis on international economics and politics.** With a sufficient and varied base, the graduates from this program will be able to respond to the ever-changing and increasingly demanding requirements of business and labor markets, both nationally and internationally. **The program is aimed at talented local and foreign students who want, above all, to continue in master's programs and disciplines that are taught in English at the University of Economics, as well as students who are willing to continue their studies abroad.** The standard length of study is 3 years.

Degree

The bachelor's degree in Economics is a Czech national degree awarded by the Prague University of Economics and Business. Graduates are entitled to use the title Bc. according to Czech legislation.
