

Study Programmes in English 2024/2025

Bachelor's Programmes

- Business Administration
- Economics and Management
- Informatics
- Agriculture and Food
- Sustainable Use of Natural Resources
- Environmental Data Science
- Environmental Engineering
- Agricultural Engineering
- Forestry: Specialized in Forest Ecosystems, Protection and Silviculture
- International Cooperation in Agriculture and Rural Development

Master's Programmes

- Business Administration
- Economics and Management
- European Agrarian Diplomacy
- Global Information Security Management
- Informatics
- International Trade and Business
- Erasmus Mundus Danube Agrifood Joint Master's Degree
- Natural Resources and Environment
- Natural Resources Management and Ecological Engineering
- Sustainable Agriculture and Food Security
- Erasmus Mundus Danube Agrifood Joint Master's Degree
- Environmental Geosciences
- Environmental Modelling
- Land and Environmental Engineering (*double degree*)
- Landscape Planning
- Nature Conservation
- Agricultural Engineering
- Technology and Environmental Engineering
- Forest Science in Global Change
- Forestry, Water and Landscape Management
- Agricultural Sciences and Farming Systems in the Tropics and Subtropics (*double degree*)
- Agri-food Systems and Rural Development
- Erasmus Mundus Joint Master in Global Forestry (*multiple degree*)
- International Development and Agricultural Economics
- Tropical Agroecology (*online*)

- Tropical Crop Management and Ecology
- Tropical Farming Systems
- Tropical Forestry and Agroforestry
- Wildlife and Livestock Production, Management and Conservation

PhD Programmes

- Economics and Economics of Enterprise
- Management
- Regional and Social Development
- Systems Engineering and Informatics
- Agricultural and Forestry Phytopathology and Plant Protection
- Agricultural Chemistry
- Animal Science
- Applied Animal Science
- Applied Zoology
- Crop Science
- Exploitation and Protection of Natural Resources
- Life Sciences
- Nutrition and Food
- Plant Sciences
- Applied and Landscape Ecology
- Ecology
- Environmental Earth Sciences
- Engineering of Agricultural Technological Systems
- Applied Geoinformatics and Remote Sensing in Forestry
- Economics and Management of Forestry and Wood Industry
- Fire Protection of Forests, Timber and Wood-based Materials
- Forest Biology
- Forest Management
- Forest Protection and Game Management
- Global Change Forestry
- Silviculture
- Wood Processing and Forest Machinery
- Agriculture in Tropics and Subtropics
- Sustainable Rural Development
- Tropical Agrobiology and Bioresource Management
